Amy – please find my updates below:

[illegible]

- Yes, SLO continues to violate the PM₁₀ NAAQS (2012-2014 DV: 2.4 Expected Exceedances).

- During the August 26-27, 2015 TSA, EPA noted that SLOCAPCD staff and management were very cooperative, extremely knowledgeable regarding field operations, and have created exemplary internal tools and tracking forms for data validation, field operations, and training. EPA plans to complete the 2015 CARB TSA Draft Report for Technical/Factual comment by ARB in late-February 2016. The Final Report should be finalized by May 2016.

- Completed in Nov. 2015. Right, Vijay?
